Supporting EVIDENCE OR JUSTIFICATION:

The proposed changes remove the requirements for NCNS coursework in a previous graduate degree. Many of our DNP students take the 12 required hours for the NUED-CERT but do not receive the certificate upon completion because they have not taken the NCNS coursework. Removal of the NCNS coursework requirement allows for individuals to obtain the NUED_CERT after the completion of the 12 required hours.

Explain how the change(s) will affect the current outcomes and assessment mechanisms?

The changes will not impact the current outcomes or assessment mechanisms.
