Rebecca,

Thank you for contacting me. I fully support the requested change. We have long preferred that non-management majors take 30653 rather than 30153. Your change will be very helpful for us when it comes to future scheduling and curriculum management.

Best,
Hettie

Subject: Nutritional Sciences Program Change for MANA 30653

Dr. Richardson,

I am the Director of the Didactic Program in Dietetics in the Department of Nutritional Sciences. Currently, the degree plans for our 4 majors state that our students must take MANA 30153. We are submitting a program change request for the degree plans to include MANA 30653 vs 30153, as we are aware that 30153 is for majors only and our students have largely been taking MANA 30653. I have included a copy of one of the Program Change forms for you to review, if you would like. Since this change directly impacts your department, I have been asked to include a statement from you that indicates that you approve of this program change. I would appreciate it if you could email me by the beginning of next week so that I can submit the paperwork to the committee on Wednesday. I apologize for the rush.

Thank you for your time.

Sincerely,
Rebecca Dority
