1. What is the justification for the change(s) requested?  
We are asking to change in the title in order to streamline it.  
Courses we are requesting to remove (crossed out and in red), with the exception of SOCI 30223, are either no longer offered or are not offered frequently enough to make them viable options for students pursuing the minor. SOCI 30223 is a Special Topics Course with rotating topics that is better considered only under a case-by-case manner. We have notified the Chairs of the respective departments that these courses will be removed.

Courses we are requesting to add (bold) fit within the context of the minor and permission from respective departments has been given to add them.

2. If applicable, explain how the change(s) will affect the current program outcomes and assessment mechanisms.

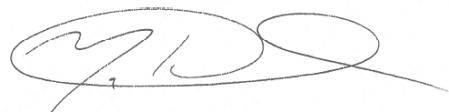

N/A

3. **Faculty Resources:** How will the unit provide faculty support for this change and any other impact this change may have on other current departmental listings.  
These classes are already taught and permission from respective departments has been given to add them to the minor.

4. **Educational Resources:** Will this change require additional resources not currently available (e.g. space, equipment, library, other)?  YES  
If yes, list additional resources needed.  NO

5. If this change affects other units of the University, include a statement signed by the chairperson(s) of the affected unit(s).

6. If cross-listed, provide evidence of approval by all curriculum committees appropriate to both the originating and cross-listed units.

DEPARTMENT OF SOCIOLOGY AND ANTHROPOLOGY

March 9, 2021

Dear Professor McGillivray,

The Department of Sociology and Anthropology approves the use of the course, SOCI 30693 Aging & the Life Course, for elective credit in the Cultural Awareness of Health and Healthcare minor. In the beginning of the fall term each year would you please let us know how many minors are enrolled in the program so that we can plan when to offer courses/sections and set enrollments, especially for the two courses that are central to the minor, Medical Anthropology and Health, Illness and Medicine. This will allow us to allocate our limited resources wisely and to keep you better informed about our offerings when you are advising students.

Sincerely,

A handwritten signature in black ink, appearing to read "Carol Thompson".

Shauna,

Yes, we approve adding SOWO 40833 to the CAHH minor since the diversity course was already included in the minor previously, this would just be updating the name to include our updated name and course number. Thanks!

Thanks so much for letting us know. We would certainly like to add that course to our minor instead then.

Nada—please let me know if you would approve the addition of SOWO 40833 to the CAHH minor?

Thanks  
Shauna

Hi Nada,

Thanks for following up. Yes, please let me know if we've made a mistake in our records. If you offer this course at least once every two years, we are happy to leave it as part of the minor. Or if the course name/number has changed please let me know and I will request addition of the course under the new number.

Thanks,  
Shauna

Hello Shauna,

Thanks for reaching out about this. We do offer our Diversity course most semesters, but I wonder if the course number may be different. I have copied our undergraduate program director, Sh’Niqua Alford, on this message as I think she may be better able to answer your question. Thanks.

Hi Nadia

I am in the process of updating our [Cultural Awareness in Health and Healthcare minor](#) and I am writing to let you know that we are planning to remove the course SOWO 30583 Social Work and Diversity from our minor because, at least according to our records, this course has not been offered in several years. If our records are mistaken, or if you plan to offer this course in the near future, let me know before 12 pm on Wednesday March 12<sup>th</sup> and I will leave it as part of the minor.

Thank you,  
Shauna
