Description of change (omit if dropping a course or program):
Rather than having one M.Ed. in Counseling with three separate specializations, we would like for the three areas to be listed individually. Additionally, we are proposing changing the name of Counseling to Human Services and replacing two required courses with electives. Course name changes reflect additional changes submitted in separate proposals.

## Present Catalog Copy

Counseling, M.Ed.
Those seeking the MEd in Counseling have three options:

- Specialization I: School Counseling (48 hours)
- Specialization II: Clinical Mental Health Counseling (60 hours) (focuses on preparation for licensure)
- Specialization III: Counseling (36 hours)

All specializations are designed to provide students with the necessary counseling skills and external resources to provide individual, preventive, responsive and support services to counseling programs.

The Master of Education in Counseling focuses on providing students with a 36 -hour, rigorous and strength-based program to for students who are interested in providing social services in settings that do not require licensure or certification. The following courses are required in the 36 -hour Counseling Program.

Professional Studies (36 hours)
EDUC 60823 Educational Program Evaluation \& Research 3
EDGU 60613 Orientation and Programs in Guidance and Counseling 3
EDGU 50223 Helping Relationships 3
EDGU 60003 Counseling Diverse Populations 3

## Supporting evidence or justification:

During a recent accreditation site visit, the site visit team suggested this change. Because this specialization does not meet requirements for a counseling license, we agree that it may be deceptive for graduates to say they have a master's in counseling. To align with other human services majors at other institutions, we are allowing more electives. Due to other suggestions made by the accrediting site visit team, we are changing the name of two courses (see separate proposals) on this program of study.

Explain how the change(s) will affect the current outcomes and assessment mechanisms?
No impact.
