Students completing majors outside the Neeley School may pursue a minor in entrepreneurship and innovation (E&I) for non-business majors. Students cannot simultaneously double minor in both E&I and general business. Students majoring in business are not eligible for the E&I minor. The goal of the E&I minor is to provide students in other disciplines with a broad knowledge of entrepreneurship. It includes core concepts in economics and accounting as well as core classes in opportunity recognition and new venture development. Electives are meant to serve as contexts for entrepreneurship.

The E&I minor requires 18 semester hours of coursework. Once a student matriculates at TCU, all coursework in the E&I minor must be completed at TCU.

Admission to the E&I minor for non-business majors is limited and competitive. Admission is via an application process and student are admitted on a rolling basis. Students outside the Neeley School of Business interested in pursuing the minor must submit an online application.

Minimum requirements for admission to the program: Students wishing to declare an entrepreneurship and innovation minor must : (1) have sophomore standing, (2) have completed at least one full semester at TCU with a minimum overall GPA of 3.25 and a TCU cumulative GPA of 3.25.
