1. What is the justification for the change(s) requested?

COMD Minors have historically been advised that the 2 indicated courses (COSD 20303, COSD 30203) can be taken to count towards the minor. Course materials are appropriate for a minor. Requesting catalog update so that when a minor takes one of those courses, it will automatically count towards their minor progress and there won't have to be an extra step of making a course directive in order for it to count towards the minor.

2. If applicable, explain how the change(s) will affect the current program outcomes and assessment mechanisms. No change anticipated

3. **Faculty Resources:** How will the unit provide faculty support for this change and any other impact this change may have on other current departmental listings.

No change anticipated. Minors already routinely take these courses, so course enrollment numbers should not be significantly impacted.

4. **Educational Resources:** Will this change require additional resources not currently available (e.g. space, equipment, library, other)? YES
If yes, list additional resources needed. NO

5. If this change affects other units of the University, include a statement signed by the chairperson(s) of the affected unit(s).

6. If cross-listed, provide evidence of approval by all curriculum committees appropriate to both the originating and cross-listed units.
