1. What is the justification for the change(s) requested?

COSD 2363, COSD 30203 These are courses that COMS minors are routinely advised to take. This will reduce the need for a course directive to be done in order to count the courses toward the minor.

Course material is appropriate for a minor.

COSD 40353 Substrates is misspelled in the current catalog copy, underlined copy is the correct spelling

2. If applicable, explain how the change(s) will affect the current program outcomes and assessment mechanisms.

No anticipated changes.

3. **Faculty Resources:** How will the unit provide faculty support for this change and any other impact this change may have on other current departmental listings.

No anticipated impact, minors already routinely take these courses, therefore course enrollment numbers should not be significantly impacted.

4. **Educational Resources:** Will this change require additional resources not currently available (e.g. space, equipment, library, other)? YES
If yes, list additional resources needed. NO

5. If this change affects other units of the University, include a statement signed by the chairperson(s) of the affected unit(s).

6. If cross-listed, provide evidence of approval by all curriculum committees appropriate to both the originating and cross-listed units.
