

Faculty Professional Development Workshops

OVERVIEW

prerequisite to teaching a modified or newly approved FSC course

TCU is providing professional development to support faculty members who want to embed “Finding Ourselves in Community” (FSC) into an existing or newly approved course across all majors, to help students develop skills for interacting with people who are different from them. “Finding Ourselves in Community” is TCU’s five-year Quality Enhancement Plan, part of a requirement for SACSCOC reaccreditation.

WHAT

The workshops will help you modify your syllabus to embed FSC into your specific area; help you choose supporting materials and introduce ideas; and provide you with pedagogical tools to facilitate disparate ideas in classroom discussions. The learning outcomes of “Finding Ourselves in Community” are:

Define key concepts associated with identity and the formation of social identities.

Explain how values, norms, biases and practices continually shape identity.

Illustrate how one’s developing identity informs relationships in communities.

In-person training sessions will take place from 12:00 p.m. to 4:00 p.m. on the following dates, with lunch provided at 11:30 a.m. Attendance at all six workshops is required.
